

17' Super Skiff Pro

The Long Range Skinny Water Pro

The 17' Super Skiff Pro is a fast, long-range technical poling skiff designed to do it all; fish four comfortably all day, yet nimble enough to be poled in 8" of water. Run over 40 mph with the Yamaha 90hp and cut through a 2' chop like a knife through butter. This skiff is a true flats boat, providing more stability and the ability to run longer distances. We really couldn't have designed this without the input of our customers and guides.

100% wood free closed cell foam and composite construction with 10 Year Hull Warranty.

Specifications

Length 17'9"
 Beam 6'9"
 Draft 8" (Kevlar)
 10" (Glass)
 Deadrise 14°

Max Horsepower 115 HP
